Total number of Cases: 8

No	Case Number	Description
1	20150803001	Soldier had been swimming when he was noted to be unresponsive in the water. Immediate retrieval and resuscitation efforts were unsuccessful and Soldier was pronounced deceased in the local ER.
2	20150802001	Soldier submerged shortly after having jumped into the water from an adjacent cliff. He did not resurface after he went under. A civilian and two remaining Soldiers who were in his company were unable to locate him and notified authorities, his body was recovered underwater at 2130. Alcohol-TBD
3	20150725001	Soldiers elected to negotiate the safety rails on the coast line while hiking, reportedly to take photos, when one SPC was swept into the tide by a wave. A 2nd SPC jumped into the tide to provide assistance and both have since been pronounced deceased as the result of drowning, following recovery.
4	20150517002	Soldier was attempting to navigate around flood barriers blocking the road when his vehicle took on water in rising flood waters. The Soldier was recovered 3 days after his vehicle was discovered and recovered with the passenger door open. Cause of death was deemed drowning. Alcohol Suspected.
5	20150507002	Soldier while cliff diving with his family, jumped from a ledge and entered the water. Soldier surfaced but was seen having difficulties as his two sons attempted to render aid but were unable to reach soldier in time. The Soldier went under the water and never resurfaced.
6	20150413001	While attempting to load his fishing boat onto a trailer near the ramp shore, the Soldier lost control of the boat from the lake's current and he attempted to swim after the boat to retrieve it. As a result, the Soldier drowned and his body was recovered the next morning.
7	20141226001	Soldier is presumed to have drowned or succumbed to hypothermia after entered a pond to retrieve a drifting boat. Soldier had been attending festivities on the private property at the time. Soldier's body was recovered the following day approximately 45 feet from shore, in approx 5 feet of water.
